### Paatsch Challenge 'Howlong Cars' - Sunday June 22

Our annual challenge against the **Benalla Camera Club** was a great success at Howlong, with some 41 members from both clubs attending, and it was great to catch up with our Benalla friends again. All worked as planned by meeting at the **Howlong Country Bakery** before the shoot, and after a cuppa we travelled in convoy to the photo location. After the photo shoot we proceeded back to the Bakery for lunch, while some opted to eat in style at the Pub. I am looking forward to seeing some of the photos taken from the shoot. A big thank you to Rex Forrester who allowed us on to his property for the photo shoot.

### Alternative Processes

I know this is my hobby horse and you may be sick of me talking about it, but an article in 'Capture' magazine (aimed at professional photographers) says: -

*"In a world saturated with images, it's no secret that it's getting harder and harder to stand out. But those using distinctive, 'old school' techniques, created in the darkroom, not the iphone, may just have an edge."*

- Ed.

Don't discount alternatives. Some are quite simple and can combine digital with alternate processes.

Having said that, the image still has to have a quality of its own to be successful. And it also does not mean that digital photography does not have a place in successful photography.
