President's Message February 2020

At our first committee meeting of 2020 one could not help feel the positiveness and energy in the room.

This indeed gives the club a great outlook for the year ahead with a variation of photographic activities already in the planning stages. Some program / structure changes may also occur in order to keep our club up to date.

The only current weak link is we do not have an indication who may be willing to take the position as president at year end. In a club such as ours it is not an arduous task.

President Brian.

A reminder to members who may wish to have the club badge embroidered onto any garment can do so by taking the garment to:-
